1: INTRODUCTION

The North Central Goldfields Regional Library Corporation (trading as Goldfields Library Corporation [GLC]), was established in January 1996 to provide library services for the City of Greater Bendigo (CoGB), Loddon Shire Council (LSC), Macedon Ranges Shire Council (MRSC) and Mount Alexander Shire Council (MASC).

The GLC is a Library Corporation under section 196 of the Local Government Act 1989.

Based along the Calder Highway, the service covers an area of 12,979 square kilometres and is one of the largest library regions in the state of Victoria. GLC has approximately 52.6 EFT (including casuals) and reaches a population of approximately 180,000. There are almost 300,000 items in the collection including an increasing number of electronic resources. The Corporation's libraries support almost 1.5 million visitors per year, 1.75 million collection utilisations, 80,000 public internet sessions, 55,000 wireless internet session and more than 120,000 information enquiries.

The GLC comprises ten libraries - Bendigo, Castlemaine, Eaglehawk, Gisborne, Heathcote, Kangaroo Flat, Kyneton, Romsey and Woodend. The Corporation also provides Library Agency services to small towns in; Axedale, Boort, Dingee, Elmore, Inglewood, Pyramid Hill, Tarnagulla and Wedderburn. A Home Library Service for housebound patrons is also available across the region.

The Corporation is governed by a Board that establishes strategic direction. The four member Councils Board have two representatives each, one Councillor and one officer. The Chief Executive Officer reports to the Library Board and is responsible for the management of the Corporation.

The Corporation is funded by the four member Councils (approximately 75%), the State Government (approximately 20%) and other sources (approximately 5%). Council funding is based on an amount collectively agreed to as part of the Service and Funding Agreement. The State Government funding is calculated primarily on a per capita basis. The State Government specifies a number of conditions of the subsidy including annual reporting requirements, free core library services and reciprocal membership of all other Victorian public libraries.

The Corporation explores alternative sources of funding and endeavours to make Governments aware of the importance of funding for libraries.

The budget is presented in a format which demonstrates the proposed 2018/19 Operating result and forecast Operating result for the 2017/18 Budget. A Budgeted Comprehensive Income Statement, Balance Sheet, Statement of Changes in Equity, Statement of Cash Flows, Capital Works and Statement of Human Resources are provided.

2: [THE LIBRARY PLAN](#)

The Library Plan provides a series of key priorities that are based around the outcomes of our Member Council Plans and State Government Regional Partnership Priorities. The link is noted in the diagram below.

3. SERVICES AND INITIATIVES AND SERVICE PERFORMANCE OUTCOME INDICATORS

Two benchmarking data sets are available from the state government, 'Know Your Council' that has data by council and the more extensive Public Library Victoria (PLVN) indicators by library service. There are 46 separate library services in Victoria that are generally either single Council services or collective operations in the form of Regional Library Corporations, such as Goldfields Library Corporations.

In summary the performance of Goldfields Library Corporation relative to all 46 services provides the following outcomes;

- 11th largest population to serve at 188,800
- 6th largest service area, geographically, in Victoria
- 12th largest membership base in Victoria
- 9th busiest library service in Victoria with 1.09 million visits last year
- 7th largest physical collection with the 9th highest level of loans
- 6th highest level of eBook downloads at 134,168
- 14th highest level of program attendance with 53,425 attendees
- 13th highest level of Wi-Fi usage with 82,361 logons

Our cost per visit is the second lowest in the state.

Our cost per loan is the fifth lowest in the state.

These statistics reflect on a highly active and efficient service delivery that creates very high value across a range of activities and services.

The challenge in maintaining this high level of service in a rate capped environment is one that the board and the Corporation is planning for as consideration is given to future funding requirements.

Our key services areas and performance outcome indicators are provided on the following pages.
