

Your Potential Realised

Goldfields Libraries Strategy
2021-2025
(2023 update)

Goldfields Libraries acknowledge the traditional country of First Nations Peoples. We recognise and respect their cultural heritage, beliefs and continuing relationship with the land.

We pay respects to leaders and Elders past, present and emerging for they hold the memories, the traditions, the culture and the hopes of all our First Nations Peoples.

We express our gratitude in the sharing of this land, our sorrow for the personal, spiritual and cultural costs of that sharing and our hope that we may walk forward together in harmony and in the spirit of healing.

OUR VISION:

Your Potential Realised.

OUR MISSION:

You belong as you are.

We want you to belong, just as you are, and to know your story is heard.

We start where you are.

Whatever your age or background, we aim to have a positive, healthy influence and help you realise your potential. Whether you have big goals or little steps, it's all important, and you can start with us.

A learning journey with you.

We support a lifetime of learning by connecting you to ideas and stories and fostering your curiosity and creativity.

Let's make it fun.

We want you to enjoy yourself, have some fun, just relax. Libraries aren't all serious.

OUR VALUES

Inclusion and Safety

We uphold the principles of a just society, including the fundamental human right to respect, dignity, safety, and equity. We engage our community in open, meaningful dialogue and deepen our understanding of their needs and experience to inform library practice and create an inclusive and safe environment.

Curiosity and Inquiry

Our team is high performing and valued because we continue to learn. We stretch our knowledge and do not settle for what we already know. We explore new ideas with our community, consider fresh perspectives, and seek to innovate. We experiment and celebrate curiosity throughout life.

Collaboration and Cooperation

Our decisions are better and our impact greater when we work collaboratively and in cooperation with our colleagues, our community, and our partners. We respect one another, share ideas and look for partnership opportunities that add value for community.

OUR FOCUS IS YOUR WELLBEING

The Five Ways to Wellbeing is an internationally recognised yet simple approach that supports positive mental and physical health, and is backed by extensive research.

Goldfields Libraries embraces this approach and has these five simple actions to guide our mission and commitment to you.

<p>CONNECT with the people around you – family and friends, at home, at work, in the local community.</p> <p>THE LIBRARY is a place where you can feel safe, relaxed, and welcomed with a warm smile and a chat. You can catch up with friends and family or with people who have similar interests. Book clubs, knitting groups, or just hanging out after school– it's all good.</p>	<p>LEARN something new or reignite an old interest. Sign up for a course or attend a free seminar. Challenge yourself and don't worry about failing.</p> <p>THE LIBRARY is all about being curious and learning, with accessible information and no tests at the end! Learn at your pace; mistakes are welcome. Read a book, attend a program, ask questions or access information on the internet.</p>	<p>TAKE NOTICE of the world around you. Be curious, remark on the unusual and savour the moment.</p> <p>THE LIBRARY is a place where you can explore the world at your pace in your own way. We want to encourage creativity and curiosity and can help open doors to many worlds and ways of being and seeing.</p>	<p>BE ACTIVE by doing what you can, step outside, find joy in movement. Discover an activity you enjoy, that suits you, and make it a habit.</p> <p>THE LIBRARY will help with information on health – healthy eating, physical activity, and how to connect. We also run physical activity classes as part of our programs where you can come and just have a go.</p>	<p>GIVE by contributing to something or helping someone. Create connection with people around you by joining a community group. Thank someone. Smile.</p> <p>THE LIBRARY hosts many community groups that make significant contributions to their communities. We foster creativity, contribution and connection and want to welcome you to the library as a safe and friendly place.</p>

OUR PURPOSE

We are committed to:

Learning with and from our community as we design our services.

Playing our part in supporting an informed and healthy community.

Providing access to information, in all its forms, as a fundamental human right.

Reducing the digital divide by providing great internet access with support to access it.

Celebrating local stories to enhance a sense of place and pride.

WHAT WE WANT FOR PEOPLE IN OUR LIBRARIES:

We want people to be healthy, thriving and inquisitive – ready to reach their potential.

We want people to enjoy their libraries – to relax in the simple pleasure of being somewhere safe and welcoming.

We want people to be curious learners but never feel tested, assessed, or judged.

We want people of all walks of life to intersect and gain a deeper understanding of each other and empathy for one another.

We want people to find meaning and connection with friends, family and community in libraries.

We want to see children smile as they read or listen to stories. We want to see children who can't wait to find out what happens next!

We want people of all ages, abilities and backgrounds to find their place and space.

We want people to visit as often as they like, to be welcomed with a smile and to feel less isolated and more connected.

OUR EIGHT PRIORITIES FOR 2021 TO 2025

Children and Young People

Supporting children, their curiosity and their joy of reading. We will support the brain development of babies, support parents as baby's first teacher, and invest in best practice services for our youngest citizens. We will welcome and present opportunities for young people to have a voice as they move toward adulthood.

Lifelong Learning

Engaging with people on their learning journey, at any and every age or ability. We will support those involved in school-based or self-directed learning. We want people to use the library at any stage in life and to have fun doing it! We will encourage different ways to learn and create at any age or ability level. Big dreams or small achievements can all start with us.

Safety and Inclusion

Offering safe spaces and resources that let people know they are important and at the centre of our service. We encourage a sense of library community and facilitate respectful interactions in our shared spaces – people relax in our libraries. We want to keep improving functional access to our libraries for people of all ages, abilities, cultural backgrounds and identities.

An Informed Community

Offering information that enhances literacy beyond reading, including health, financial, digital, environmental and cultural. We will help connect people with information in a variety of ways – inside our libraries, reaching outside our libraries through other services and places, and through our digitally based resources.

Connecting People

Creating opportunities for people to socialise and share ideas, culture and stories. We will provide avenues for both personal and virtual connection through our programs, spaces and technology. We offer an antidote to isolation and loneliness.

Respecting First Nations Peoples and Culture

Building knowledge of and relationships with First Nations Peoples and culture. We will introduce appropriate signage and cultural references into our spaces as well as deliver programs and collections that celebrate the stories and traditions of Aboriginal and Torres Strait Islander people.

A Learning Organisation

Learning from and with our communities to develop skills, innovation and new approaches. Our team are high performing professionals and continue challenging themselves to extend knowledge and experiences. We will focus on being able to change with our community and engage with them in shaping our service.

A Sustainable Future

Working toward a positive and sustainable future with our communities. We will provide opportunities to understand the local and global environment, learn about sustainability innovations and empower community to take action to mitigate climate change. We commit to sustainable use of resources for our operations to protect our natural environment.
